## **Appeal for donations for the Palestinian Medical Relief Society, Gaza, continues**

With almost 23,000 civilians dead, 60,000 injured, and 70% of homes and infrastructure destroyed or damaged, the inhabitants of the Gaza Strip are on the run and most of them are also threatened by famine: the basis for life in this small, extremely densely populated area have been destroyed by the Israeli army.

**Aid organizations such as the Palestinian Medical Relief Society (PMRS - the partner organization of medico international) are working non-stop, especially providing first aid to the injured but also continuing to help the sick in general.**

The support of such grassroots organizations on the ground is more important than ever. As we did during the corona pandemic, we at the Palestine Committee Stuttgart e. V. have launched a donation initiative in this extreme emergency.

A first step was a very successful benefit concert on Saturday, January 6, 2024. The concert *Music for Gaza* was a joint event with the Open Meeting against War and Militarization (OTKM) Stuttgart in cooperation with artists at the Lilo-Herrmann Haus Center in Stuttgart and Arab and Palestinian musicians.

With 250 visitors, the hall was filled to capacity and the enthusiasm for the musical and dance performances with their variety of styles was fantastic. The several thousand euros donated at the event and the strong response to the appeal, including from outside Stuttgart has encouraged us to continue collecting donations until February 1, 2024. So we will support the Palestinian grassroots medical organization PMRS by handing over an even larger sum to support their work.

All proceeds from the concert and all donations will go to the Palestinian Medical Relief Society. PMRS is a Palestinian grassroots medical organization, recognised locally and internationally. It works according to the principles of a democratic, socially just association without discrimination of any kind. Its aim is to build a strong civil society and a high-quality healthcare system to which everyone has equal access.

**We ask you to support the Palestinians in the Gaza Strip so that they can build a better future without war and oppression**

Please transfer your donation by January 31, 2024 at the latest.

**Thank you for your support!**
